

Debris & Moisture Resistant COMPARTMENT VENT

3D Render

Use your mouse to rotate & zoom 3D component
(right click to view full screen)

Product Benefits

Debris & Moisture Resistant

Rear flap snaps closed, allowing compartment to be protected from debris, dirt, dust and moisture

Seamless Stackability

Vents can be stacked horizontally or vertically to give the appearance of a single vent

Easy Installation

Installs from front with screws or rivets; no rear access necessary

Product Features

- ✓ Lightweight, durable material
- ✓ Air pressure causes vent flap to open, allowing for smooth-closing door feel

Product Specifications

Part Number: VT-2495-A01-BLK

Material: Vent - ABS plastic; Spring - stainless steel

Finish: Black

Size: Fits into 5-3/8" x 2-1/4" cutout

Weight: 0.10 lbs.

Additional Information: Low profile
