

## Industrial Cleaners

### Glass Cleaner

#### Benefits

Formulated to meet the requirements of most business, commercial, and industrial applications

Non ammoniated, non streaking, and non staining, this cleaner is perfect for use on windows, mirrors and glossy surfaces.

Cleans off grime and spots, while helping to shine, brighten and polish

#### Instructions

##### Ready to Use:

Spray onto surface. Let sit for several seconds. Wipe with an appropriate cloth or cleaning device.

##### Concentrate – Use with Dispenser:

Dispense 1:20 diluted cleaning solution using 4TH GEN Dilution Control Dispenser (or any other compatible dispenser) into spray container.

Spray onto surface. Let sit for several seconds. Wipe with an appropriate cloth or cleaning device.

#### Applications

Designed to safely and powerfully remove dirt, grease, and grime from windows, mirrors, and other glossy surfaces, inside and outside, without streaking.
